Describe Au Pair accommodation: Nice ensuite bedroom with tv and PC
Help with housework and cooking required: Yes both
Other family member living with you: No
Have you had Au Pair before: No
Why do you need Au Pair and main expectations: We want to have the boys taken care of in their own home. This is where they are happiest. We have an early start - leave house at 6.45am so the au pair would need to be up at this time. They would need to take Cian to playschool by car, second family car, and pick him up. Look after Jameup after meals while doing so. Cook for the boys, clean up while doing so, load dishwasher and keep living area tidy. Put on a wash maybe one or two days and hang them out.
Describe your family, lifestyle, interests: We love outdoors, sport, parks, visiting friends, watching movies. We dont go out at night much as we dont have a babysitter.
Au Pair duties: As above
Additional Information: I will put the au pair in my car insurance and pay for petrol for school run only. If they wish to use the car occasionally, they have to pay for petrol themselves. Not for travelling long distances. We are a very kind and welcoming family and would love to have an au pair as part of out family.
Will your family: provide own bathroom, provide use of internet at home, consider private use of car
